

**Department of Computer and Information Science**  
**Evaluation of Senior Project Work**  
**Term: Fall Spring Summer 20\_\_\_\_\_**

Student \_\_\_\_\_

Project \_\_\_\_\_

Evaluator \_\_\_\_\_

Please rate the quality of the student's project by rating your agreement with the following statements.

1. The *prospectus of the project* provided by the student satisfactorily demonstrates an ability to analyze a problem and to identify and define the computing requirements on a level that would be expected of a new computer scientist entering industry or graduate school.

- |                      |                   |
|----------------------|-------------------|
| a. Strongly Disagree | c. Agree          |
| b. Disagree          | d. Strongly Agree |

(Program Outcome b)

2. The *design of the project* provided by the student satisfactorily demonstrates an ability to apply knowledge of computing on a level that would be expected of a new computer scientist entering industry or graduate school.

- |                      |                   |
|----------------------|-------------------|
| a. Strongly Disagree | c. Agree          |
| b. Disagree          | d. Strongly Agree |

(Program Outcomes a, c, j, k)

3. The *implementation of the project* provided by the student satisfactorily demonstrates an ability to apply design and development principles in the implementation of computing systems on a level that would be expected of a new computer scientist entering industry or graduate school.

- |                      |                   |
|----------------------|-------------------|
| a. Strongly Disagree | c. Agree          |
| b. Disagree          | d. Strongly Agree |

(Program Outcomes a, c, k)

4. The solution of the project provided by the student satisfactorily demonstrates an ability to use *current techniques and tools* necessary for computing practice on a level that would be expected of a new computer scientist entering industry or graduate school.

- |                      |                   |
|----------------------|-------------------|
| a. Strongly Disagree | c. Agree          |
| b. Disagree          | d. Strongly Agree |

(Program Outcome i)
